VOLUME CVI.---NO. 163. ALEXANDRIA, VA., WEDNESDAY EVENING, JULY 12, 1905. PRICE 2 CENTS.

TIRED OUT.

There's many a wife sits in the growing shadows of an evening, knowing what it is to feel tired out; as if there was not another ounce of effort left in her. But if healthy she knows how sound her slumber will be and how refreshed the morning will find her. But it's another thing for the sick woman to feel tired out. Rest only seems to increase her suffering. She feels acutely the aching back and throbbing nerves.

Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I am pleased to inform you of the benefit I received from using Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Elizabeth A. Oswold, of 45 Brant Street, Windsor, Essex Co., Ontario, Canada. "Was quite discouraged when I wrote asking your advice, as the physicians here told me I could get no relief except by an operation. Suffered for four years from irregular and profuse menstruation, had sick and nervous headaches most of the time, and at times could hardly walk across the floor from weakness. I thank God there is such a remedy as Dr. Pierce's Favorite Prescription for suffering women. Before I had taken the first bottle the headaches had left me and it was not long before regularity was established and still continues so. Have just finished house-cleaning which I never expected to be able to do again, and can truly say I never felt better than at present. I gladly recommend 'Favorite Prescription' to all who suffer from female weakness. It has cured me and made me stronger in every way. Neither my husband nor myself can say enough in its praise."

The selfish seller who urges some substitute is thinking of the larger profit he'll make and not of your best good.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

Alleged Spiritual Communications.

The latest claimants for the body of the unknown man found in the woods near Jessup, Md., are Mr. and Mrs. Walter Wayson Daniels, formerly of Cockeysville, Md., but who now reside in Washington. They believe that the body is that of their son, Walter Wayson Daniels, jr., of 818 Fourteenth street northeast, Washington, who has been missing from his home five weeks. The parents of the young man were furnished what they believe is a clue to his identity by the mother-in-law of young Daniels, who is known as Mrs. J. Powalky and who claims to be a spiritualistic medium.

The young man had been gambling for sometime. Five weeks ago last Sunday he kissed his wife and three children goodby and stated that he was going to Baltimore. He had between $35 and $50 in his pocket at the time. He had often gone away on these trips, but heretofore he had always written home. Mrs. Powalky declares that three weeks ago she became very weak and was on the verge of fainting. She told her husband that Walter had appeared to her, stating that he had been murdered. A blow had been struck him on the right side of the head. As the days went by and no word came his spirit persistently called her to avenge his wrongs. She went to Captain Boardman, at the Washington police headquarters, and told him the body at Jessup was that of her stepson. Yesterday the family, with Policeman Sandberg, visited the spot.

Mrs. Daniels claims that she communicated several times with the spirit of her stepson while at the grave.

After going to Laurel, where the clothes, which had been found in a dense undergrowth, had been taken, Mrs. Daniels, jr., identified some of them as belonging to her husband. When Mr. and Mrs. Daniels, sr., examined the remains yesterday, they stated that the height, scar on left wrist, shape of head, hands and feet correspond with those of their son.

After the opening of the grave yesterday Justice Beall summoned John Washington, colored, 13 years old, and Marjorie Dixon, of Howard county. Two weeks ago the boy drove Mr. Dixon's daughters to Trinity Episcopal Church. Just after crossing Deep Run Bridge, on the Washington pike, they saw a coat with papers lying by it. They left the papers, but picked up the coat and sent it back home in the carriage. The two girls walked home from church, and while passing the spot where the coat was found they picked up an empty envelope. The little girl stated that she could remember it had Dominion Glass Company on it. She guided the officers to the place, which was about a mile and a half from where the rest of the clothing had been found. All the papers were gone, but a pair of heavy rib blue cotton drawers and one envelope were found. The envelope had on it:

Job Archer, Esq.,
Alexandria, Va.

If not called for in five days, return to 726½ Main street, Branch 103, Glass Bottle Blowers' Association of the United States and Canada, Columbia, S. C., Dominion Glass Co.

The letter was stamped at Alexandria, June 15. Mr. Dixon turned the coat over to the authorities. Some who exclaimed the body insist there was a hole in the right temple, and the right arm was broken.

The body was exhumed yesterday. Mrs. Griffin and her party, after carefully examining what remains of the body, state positively that it is not that of Mr. Griffin.

Trouble in Havana.

No further deaths have resulted from the conflicts in Havana Monday night between Cuban artilleryman and civilians. The doctors are probing the wound of Captain Portuondes, of the artillery, who was wounded in the intestines, but they have not extracted the bullet. His condition is critical.

The body of the policeman, Amparo Hernandez, was escorted to the cemetery by a hundred policemen and the Municipal band, followed by government and city officials.

The artillerymen are talking of taking vengeance against the police. The secretary of the interior has ordered that no artilleryman be permitted to leave Cabanas fortress, and a score of those charged with the shooting have been imprisoned pending an examination by court-martial.

The police captain who, aided by the artillery captains, finally stopped the disturbances said that some of the soldiers fired 10 shots from the houses into which they had crowded for shelter from the police. The responsibility of bringing the detachment of artillery to the scene appears to rest with Lieutenant Aguado, who commanded it.

The lieutenant says he was ordered to the "Tenderloin" by a telephone message from some artillery captains who had previously arrived at the police station to investigate the participation of their men in the first conflict. The captains, however, deny that they ordered any troops to the scene of the disturbance.

General Rodriguez and other Cuban military men are ashamed of the lack of discipline shown by the manner in which 25 soldiers under arms were so easily excited into attacking the police. The soldiers have long persisted in regarding the police as their rivals.

WEDNESDAY EVENING, JULY 12, 1905.

CONFRONTED by new scandals in the Equitable Life Assurance Society, the public is astounded by the revelations that place Senator Chauncey M. Depew, Jacob H. Schiff, E. A. Harriman and other eminent capitalists in a most unenviable position. The unexpected turn in the affairs of the troubled society came with the publication of the complete testimony taken by the Insurance Department of the State of New York, which, it is strange to say, eclipses so greatly the glossed report of Superintendent Hendricks that the sensations disclosed in the latter document pale into insignificance in comparision with the facts uncovered today.

Senator Depew testified that the Depew Improvement Company, in which he was interested, obtained a loan from the Equitable of $250,000 on property which the State insurance department valued at only $150,000. He admitted that neither principal nor interest had been paid and that the Equitable had been forced to foreclose. He admitted that, as a member of the executive committee of the Equitable, he had not advised this loan, but had voted for it. He confessed to making a promise that the Equitable should be made whole, but in the same breath said that promise was not legaliy binding, and also said that he has received $20,000 annually for 16 years for his advice to the society.

Jacob H. Schiff testified that the Equitable's books contain false records concerning the Harriman deal, and that he was a dummy director until the scandal developed, when he bought five shares of stock.

James H. Hyde testified that he was in eight syndicates with James W. Alexander, and that the Equitable had bought him a $20,000 private car.

James W. Alexander testified that he was in eight syndicates, and that his returned profit money was not yet in the Equitable treasury.

William H. McIntyre testified that Hyde and Alexander apportioned profits, clearing $95,000 on one deal.

Such testimony from such men is calculated to cause distrust among the people of the big financiers of the country.

THE HEAT WAVE held sway over the East yesterday, and particularly in Pennsylvania. The country sections were not immune from the stifling air, which is, as a rule, the penalty of the cities. At Pittsburg eleven died, eight of whom were drowned, being driven into the water for relief. There were also twenty prostrations. In New York four succumbed to the heat, making 25 in all who have died from the effects of the prevailing hot wave. Through Pennsylvania records were broken in the matter of high temperature. One death, due to the heat, occurred in Camden yesterday. Nine prostrations is the record for the day in Philadelphia.

AS HAS been stated in the Gazette, temperance advocates in Iola, Kansas, having failed to eliminate saloons by moral suasion, are now resorting to dynamite. On Monday three of such places were blown up and one hundred thousand dollars damage to property followed. This is a radical measure and far more effective than Mrs. Nation's hatchet. Should the champions of this movement multiply and the epidemic spread to other communities, saloonkeepers will be compelled to have "police protection" in another form.

MR. SCHWAB and other steel magnates believe that great navies are the only sure guarantee of peace. The gentlemen are prepared to supply naval building materials, including armor and guns, to any nation that seeks to promote peace by putting itself into a position to get what it wants without fighting.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., July 12.

President Gompers of the American Federation of Labor, and Vice President Duncan, both members of the executive committee, have gone to Oyster Bay for a conference with the President. The conference in question is held at the request of labor men. They are acting under the instructions of the executive council of the federation, which, at its last meeting held at Scranton, passed a resolution, the contents of which were not made public, calling upon them to consult the President in various matters affecting the welfare of labor generally. The subjects to be discussed were specified, and among them are such questions as the open shop, the Chicago strike, conditions in Porto Rico, coming affairs in the mining regions, Panama canal zone problems, Chinese immigration, and a variety of other important topics. It will be the aim of the labormen to have a thorough understanding with the President, and to enlist his support of the movement, which is to be renewed this winter, looking to the passage of eight hour legislation by Congress, also the passage of the anti-injunction bill. At the headquarters of the American Federation of labor here the statement is made that the object of the visit of the committee of the Federation is to bring to the President's attention the attempt that is being made "to nullify the exclusion law" by the adoption of a policy that will let down the bars in an undesirable manner to Chinese immigrants. It is stated, however, that although this is the most important of the topics to be brought, it will only be one of a number.

The papers and documents bearing on the case of Edwin S. Holmes, jr., assistant statistician of the Department of Agriculture, dismissed because of his because of his betrayal of secrets connected with the compilation of cotton statistics, were today turned over to U. S. District Attorney Beach by acting Attorney General Hoyt. The latter has personally examined the papers in the case, as they were turned over to him by the Secretary of Agriculture. He is of the opinion that the examination, as far as it has gone, is merely to be designated as a departmental investigation, pursued with the object of purging the department of any whose guilt might seem to warrant it. But now there ought to be a further and detailed legal examination, with the object of instituting criminal proceedings if the facts justify such a course. This part of the work has been committed to Attorney Beach. If necessary, he can call the grand jury in special session to pursue the inquiry. He would not be obliged to wait for the calling of a grand jurp, however, for, if testimony shall be adduced to make it advisable, arrests can be made at once and the defendants held to await the action of the next regular grand jury.

Wm. J. Flathers, assistant cashier of the Riggs National Bank and a member of the Washington Stock Exchange, testified that not later than June 5, or two weeks before Public Printer Palmer awarded the contract to the Lanston people he had been informed by Secretary T. L. Hume, of the exchange, that the printer would take such action, the exact number of machines to be purchased being mentioned.

Suicide at Sheepshead Bay.

Mrs. Lillian Dennett, 25 years old, a handsome young woman, who was said to have been estranged from her family in Kansas City, died in the Coney Island Emergency Hospital yesterday from poison she took the previous night at her room, in the Jones Cottage, Peet's Row and Voorhees avenue, Sheepshead Bay. Mrs. Dennett had lived there for a year, according to Mrs. Lucy Jones, who conducts the Jones Cottage, and Monday went to the races at Brighton Beach. Whether she lost or not is not known, as she seemed to be in good spirits Monday night, and sat with other guests on the verands, laughing and chatting until everyone else had retired. She had the parlor bedroom and retired there just before midnight. A little later the other guests heard her moaning, and on investigating found the young woman writhing in pain. The woman died shortly after. No reason is given for her suicide. Mrs. Jones said that the young woman had told her she came from Kansas City, where her relatives were very wealthy, and that she had had trouble with them. Mrs. Dennett was very quiet in her living and little was known of her.

Ran Amuck.

A panic was created on the New York, Philadelphia and Norfolk steamship Pensylvania just before it left Cape Charles for Norfolk yesterday by John Moore, a large, apparently insane negro, who came aboard, drew two long knives from his coat and ran amuck among the hundred or more passengers. The passengers, many of whom were women, fled about the boat in efforts to escape. The Pennsylvania's officers were unable to capture the negro, who threatened to kill all who approached him. Patrolman Thomas, of the Cape Charles police force, started for Moore, when the latter thrust at him with a knife and Thomas opened fire. The negro was wounded in the neck and carried to a hospital. He probably will not recover.

Crime of a Jealous Man.

A murder and suicide at Atlantic City, yesterday afternoon, ended the lives of Edward O. Doughty and Mela S. Clyde, of Philadelphia. Doughty the murderer, was insanely jealous woman and she, in turn, being desirous of discarding him, stirred his fiery jealously by taking a walk with another man. Doughty met her on the street and upbraided her for being false. Drawing a revolver he chased her into a crowded grocery store. She ran behind the counter and tried to hide, but he followed and there sent several bullets into her breast. She expired within a short time. Doughty had a room in the building over the store and he at once went upstairs and deliberately shot himself in the breast. He died instantly.

Royal Accouchement.

London, July 12.—The Princess of Wales this morning gave birth to a son, at 3:30 o'clock, at Sandringham, Palace. Both mother and child are doing well. Some disappointment is felt that the new arrival is a boy instead of a girl as four of the five former children of the Prince of Wales are boys and the Prince was hoping for the birth of another daughter.

City Council.

There was a two-hours' session of the City Council last night All the Aldermen were present and fifteen members of the Common Council. The Aldermen concurred in the action of the lower board two weeks ago in passing the ordinance providing for advertising for bids for the sale of the electric franchise. The lower board passed appropriations amounting to nearly $10,000. A joint session was subsequently held for the purpose of electing certain city officers.

Mr. Thomas A. Fisher, police commissioner from the Third ward, sent in his resignation, which was accepted. By the recent change in the ward lines Mr. Fisher has become a resident of the Second ward, and he was elected to represent the Second ward in the police board, defeating Mr. George E. Price by a vote of 15 to 8. Mr. E. E. Lawler had declined to allow his name to be submitted for re-election. The other election of corporation officers resulted as follows: Weigher of hay, DeW. Aitcheson; chief of fire department, George W. Pettey; keeper of almshouse, W. M. Smith; physician to the poor and health officer, Dr. E. A. Gorman; Dr. W. R. Purvis; fire wardens, 1st ward, W. H. Melchoir; 2d ward, H. A. Downham; 3d ward M. L. Risheill and 4th ward C. J. W. Summers; dispenser of medicines for Western district, Richard Gibson, and for Eastern district, E. Warfield, jr., and steward of offices, W. C. Craven.

BOARD OF ALDERMEN.

The first business before the board was the ordinance providing for advertising for bids for furnishing electricity to the city. The ordinance had been passed by the Common Council at the last regular meeting and laid over.

Mr. Fisher, from the joint committee on general laws and light, presented a report on a resolution providing that this question be submitted to the qualified voters of the city. He asked that this be considered first. The report was adverse to the proposition. This was agreed to and the report was adopted.

A vote was then taken on concurring with the lower board on the ordinance providing for advertising for bids and the ordinance was passed, ayes 7—Mr. Fisher voting in the negative.

Mr. Fisher then submitted ordinances to provide against obstructions to sidewalks, in reference to bay windows, repealing an ordinance imposing penalties for obstructing the sidewalk on King street, and repealing section 7 of chapter 5 of the city code. These were referred to the committees on general laws and streets.

The Aldermen concurred in the action of the Common Council on all papers sent in except on a petition of P. T. Harrington for pay for a horse which had fallen into a trench and been killed. The lower board had referred the same to the committee on claims. The Aldermen non-concurred and referred the petition to the committees on claims and streets.

The board subsequently proceeded to the chamber of the Common Council for the purpose of participating in the election of sundry city officers, and upon their return adjourned.

COMMON COUNCIL.

The board was called to order soon after 8 o'clock.

The finance committee reported in favor of an appropriation of $100 to the Relief and Reliance fire companies to assist in paying the expenses of their proposed trip to Harrisonburg to attend the meeting of the State Firemen's Association next month.

Mr. Strauss moved to make the appropriation $300.

Chairman Bryan said that $200 had been asked for and the city could not appropriate that amount. Last August the city had given the firemen $250 and after all expenses were paid a considerable sum was left over. Instead of keeping the surplus for this year it was appriated among the companies.

Mr. Strauss's motion was lost and the report was adopted.

The committee reported in favor of giving the Columbia Company $50 instead of $100 for the same purpose, and the report was agreed to.

The board passed unanimously an ordinance requiring the W., A. & Mt. V. Railway Company to erect iron trolley poles on the streets whenever the poles now in use become unserviceable, the law not to apply to Royal street, south of Wilkes.

A resolution appropriating $8,500 to macadamize Washington street, from Queen to Oronoco street, was reported on favorably by the committee on streets.

Mr. Bryan: Does the city get back any of that?

Mr. Leadbeater: No, it gets none of it back directly; but the fact is that nothing whatever has been done to the street since the first house was built there. The property holders, however, might raise a fund to put down a granite curb in concrete and the improvement would make the street look well.

Mr. Bryan saw no reason why the rule that Council would pay one half for street improvement whenever the property holders would pay the other hald, should be violated in this case. On King street, Lee and Prince streets the adjoining property was required to contribute. He said he thought Council would set a dangerous precedent if the resolution was passed.

Mr. Leadbeater said that south Washington street, Queen street and other streets had been improved without any special tax. Macadamizing had always been paid for without a special tax.

Mr. Snowden said his proposal which had been adopted some months ago was to help those that helped themselves. If this plan was abandoned none would pay hereafter and the city would have to pay the entire expense for street improvements.

Mr. Bryan moved to recommit, which was lost.

The appropriation was then passed to a vote of 12 to 3.

An order for an appropriation of $8,500 to extend the Royal street sewer south of Franklin street, was agreed to, yeas 15 nays 0.

The committee reported adversely to a proposal to place a concrete sidewalk on the Alfred street side of the Peabody school building and the report was agreed to.

The committee reported adversely on Mr. Spinks's proposal to pay laborers on the sewers $1.50 for a nine hour day, but in favor of giving 15 cents per hour for ordinary labor, and 18 cents when the work was in water.

Mr. Spinks insisted that efficient labor could not be gotten for that price. This was why the city was so badly served.

The committees report was adopted.

The committee on streets reported on the Alfred street macadam improvement and the subject was recommitted.

The resolution of Mr. Strauss to reduce the price of gas to one dollar per thousand feet was reported upon adversely.

Mr. Strauss said that at the meeting of the finance and light committees last night the vote stood four in favor and four against the proposition. He advocated the reduction and urged that if gas was reduced to one dollar the consumers of gas, now only 1,193, would be increased to 2,200. He said gas was now sold in Washington and Charlottesville at one dollar.

Mr. Uhler said that except Charlottesville the price of gas was cheaper in Alexandria than in any city in the State and cheaper than it was in Cumberland, Md., and Pittsburg, Pa., in the heart of coal districts. He said some members voted for every appropriation offered and if those appropriations were continued and the price of gas cut down taxes would have to be raised.

Mr. Bryan said that this proposition would upset the whole scheme of the finance committee for the year. He hoped the adverse report would be adopted.

The report was adopted; yeas 8—Messrs. Leadbeater, Burke, Cochran, Hellmuth, Uhler, Spinks, Bryan and Showden—noes 7, Messrs. Strauss, Risheill, Williams, Baader, Brill, Harrison and Marshall.

The report of the committee on claims for an appropriation of $250 to compensate P. E. McChonchie for injury sustained while at work for the city, was adopted, though the committee stated that it did not recognize the matter as a claim against the city.

An appropriation of $1,800 to improve the Columbia engine house was agreed to, yeas 15, nays 0.

A communication, from Messrs. James R. and H. B. Caton, attorneys for the Washington, Alexandria and Mount Vernon Railway, asking permission to extend the tracks of that company from Payne street to the west end of Cameron street and to build the necessary curves and connections to perfect the double tracking of the line in this city, was referred to the committee on streets and general laws.

The Old Dominion Glass Company petitioned for an improvement of Fairfax street, from Oronoco to Wythe, saying that all the work done lately there had been at their own cost and that the roadway was sometimes impassable. The matter was referred.

A motion by Mr. Williams that when Council adjourned tonight it be until the second Tuesday of October was unanimously agreed to.

Council concurred with the Aldermen in relation to an address by Mr. L. H. Machen; the resolution of Mr. Spinks to submit to the voters the electric light ordinance; the matter relative to the obstruction of streets, and the application of J. B. Fitzgerald for repairs to his house.

The resignation of Thomas A. Fisher as a Police Commissioner was accepted.

A communication from the Corporation Court enclosing a report of Attorneys Norton, Smith and Johnson was read. The report decides that metal file cases are needed in the clerk's office; also several changes in the rooms, etc., at the court house. The communication was referred to the committees on public property and finance.

An appeal in the case of C. E. Barker as to the tax on trading stamps was ordered.

Mr. Bryan explained that the Corporation Attorney thought that the judgment of the City Court could be overruled and set aside by the Court of Appeals.

Mr. Harrison called attention to the fact that a vacancy existed in the delegation from the third ward by the resignation of Councilman Patterson, and moved that council go into an election; but withdrew his motion on the suggestions that notice might be needed and he gave notice of such a motion at the next meeting.

A petition for P. T. Harrington asking to be paid for a horse that had been killed by falling in a ditch in this city was referred to the claims committee, but the aldermen returned the paper, having referred it to the committees on claims and general laws. The action of the Aldermen was concurred in.

The Aldermen were then invited to unite in convention, and a short recess was taken.

JOINT MEETING.

The Aldermen having entered the Council chamber a joint meeting convened to elect various city officials.

For Police Commissioner from second ward the vote stood Thomas A. Fisher 15, George E. Price 8.

Mr. Uhler had nominated Mr. E. E. Lawler but withdrew the nomination on information that Mr. Lawler declined to serve longer.

DeW Aitcheson was nominated as weigher and inspector of hay and unanimously elected.

For physicians of the poor the vote stood: Dr. E. A. Gorman 15, Dr. W. R. Purvis, 17, Dr. A. A. Rittenour 14.

So Drs. Purvis and Gorman were declared elected.

For Health Officer, Dr. E. A. Gorman was unanimously elected.

For Chief Engineer of the Fire Department, Geo. W. Pettey was unanimously elected.

For Fire Warden of First ward the vote stood: W. H. Melchior 13, C. J. Geisendaffer 3, A. S. Mankin 3, Jos. DeSilva 4, so Mr. Melchior was chosen.

For Second ward Fire Warden, the vote stood: H. A. Downham 16, R. L. Myers 7, so Mr. Downham was declared elected.

For Third ward Fire Warden the vote stood: J. B. Padgett 11, M. L. Rishiell 12. No election, 13 being needed for a choice. A second and a third ballot having failed to elect, the election was passed over.

For Fourth ward fire warden, the vote stood: C. J. W. Summers 18, R. C. Acton 5, so Mr. Summers was declared elected.

For Keeper of Alms House, Mr. W. M. Smith was unanimously re-elected.

On motion of Mr. Uhler the election of Board of Health was passed over.

Good for Stomach Trouble and Constipation.

"Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by Gibson and Timberman and W. F. Creighton & Co.

For Dispenser of Medicines, Eastern District; E. Warfield, jr., was unanimously elected.

For Dispenser of Medicine, Western District, the vote stood: W. P. Taylor 10, Richard Gibson 18, so the latter was declared elected.

For Steward of Offices, Mr. W. C. Craven was unanimously elected.

The joint convention then took a fourth ballot for fire warden of the Third ward and Mr. Rishiell was re-elected by 13 votes to 10 for J. B. Padgett.

The joint convention then dissolved and Council having concurred with the Aldermen in a claim case, adjourned.

First Lieutenant G. T. Pleasants, of the Lynchburg military company, was required to serve as a juror in the Corporation Court in spite of his protest that as a military officer he was exempt from jury duty. A test case will probably be made of this.

City Tax Collector T. N. Davis, of Lynchburg, reports that only $11.88 taxes are unpaid out of $121,300 of taxes assessed on real estate. Of $90,000 assessed on personal property only $1,221.18 is returned unpaid. There are also about $500 due in capitations, nearly all by negroes.

CONDITIONS IN RUSSIA.

The assassination of Prefect of Police Count Schuvaloff, of Moscow, yesterday, is considered to be a purely political crime, as the Count was not 40 years old and was regarded as being of the best type of the Russian official. He came from one of the most famous families in Russia. The Count was a son of Count Peter Shuvaloff, the statesman who represented Russia at the Berlin conference, was formerly colonel of the Guard Regiment, known as the St. Petersburg, and was one of Emperor Nicholas's personal friends. As prefect of Odessa, when he succeeded General Zelenoi, who was extremely severe, Count Shuvaloff earned the esteem of all by his firm but lenient course, making himself particularly popular with the students. The impression exists in St. Petersburg that the Count was killed for prescrving order.

The zemstvoists will not be allowed to meet at Moscow July 19, although this act is simply in execution of orders of the governor general, issued previous to the assassination of the prefect of police.

Vice Admiral Birileff has been appointed head of the Russian admiralty, in succession to Admiral Avellan, who resigned.

The St. Petersburg Nashadzin describes the ruin of Odessa by the rioters as irreparable. It places the losses at least 40,000,000 roubles. It says that manufactures in Odessa and the vicinity are slight and that 500,000 persons have lost their means of livelihood through the destruction of factories, etc. Other ports are unable to take Odessa's place as an export center, and the necessity for exporting by means of roundabout routes must handicap Russia's competition in the European markets with America.

Three bloody encounters between troops and striking shoemakers, in which about twenty persons were killed or wounded, occurred in Waraw yesterday. The strikers were marching through the city from house to house demanding the lowering of rents by 20 per cent. Many proprietors out of fear complied with the demands of the strikers.

The final session of the committee of ministers for the discussion of the Boulygin reform project occurred yesterday. The project will now go immediately to the Emperor.

New Track.

As will be seen by the proceedings of the City Council last night, the electric railway company have asked permission to extend their Cameron street track from Payne street west to their double tracks near Hooff's run, at the head of King street. The company recently acquired ground on Cameron street extended north of the old fair grounds on which to extend their track. This work is rendered necessary in connection with the double-track railway now in operation over most of the road between this city and Washington. When the work shall have been finished there will be two tracks from the culvert over Hooff's run into this city as far as Columbus street. North bound trains will use the King street track and incoming trains will use that on Cameron street. By this means transportation between the two cities will be materially facilitated. It is now said that the new highway bridge across the Potomac will be ready for use early in the fall. By that time it is supposed the Cameron street extension will have been made and the double-tracking laid to the new bridge With the additional trains the company propose to run, communication between Washington and Alexandria will be all that could be desired.

It will not be possible to complete before next season the short bridge across the head of Washington channel, the work on which is not yet begun. The financial statement appended to the report shows that of the $1,168,236.44 alloted for the construction of the bridge and approaches, $625,032.12 was expended during the past fiscal year. Uncompleted contracts cover $361,640 of the amount remaining available for the building of the bridge.

Today's Telegraphic News

The Kniaz Potemkin.

Kustenji, July 12.—The battleship Kniaz Potemkin, which was sunk by the mutineers who surrendered the vessel by opening the sea cocks, was refloated this morning, the greater part of the water having been pumped out of her hull. When the vessel was brought to an even keel, once more it was found that the mutineers had tampered with her engines and boilers so that they could not be relied upon. Accordingly the big battleship was taken in tow by the Sinope. At 7 o'clock this morning the Potemkin's engines were still quiet.

St. Petersburg, July 12.—It is reported today that Rear Admiral Kruger, who was the commander of the Black Sea fleet, in which the recent mutiny occurred, is to be dismissed from the service, as the result of the outbreak among the sailors.

Negotiations are proceeding between Russia and Roumania in regard to the disposition of the mutineers on the Kniaz Potemkin, who surrendered to the Roumania authorities on the promise that they would not be returned to Russia. Russia is anxious that the mutineers shall be returned notwithstanding the promise made by the Roumanian authorities. It now seems probable that the mutineers will be expelled from Roumania as the result of the representations made by the Russian government.

St. Petersburg, July 12.—It is now reported that the arrest of General Stoessel yesterday was due to the discovery of new data and evidence bearing on the surrender of Port Arthur, where he was in command, at the time of its capture by the Japanese.

Preparing for Jewbaiting.

Berlin, July 12.—Prominent Jews here have received information that the authorities of Odessa, Russia, are planning a "Jew-baiting" on a large scale. M. Kislianowski, a sub-chief of police, is reported to have said to soldiers who returned from the war penniless and who were begging for alms, "Take what you want from the Jews. You will find plenty of good things to plunder in their houses." The police in the streets do everything in their power to incite the populace against the Jews as they pass by. Official communication designate the Jews as the instigators of the recent riots in Odessa, and police agents are systematically endeavoring to incite 20,000 idle longshoremen who are starving, because they cannot get work, to plunder the homes of Jews. A similar official propaganda is going on among the troops with the idea of exciting them to make an attack on the Jews of the city. Count Ignatieff, in receiving a deputation of Jews from thirty-six towns in southern Russia, who came to him to appeal for protection, replied to their entreaties by saying: "The Russian government knows you organized the Odessa revolution, and it will deal with you according to your Old Testament doctrine of an eye for an eye, and a tooth for a tooth." Jews from southern Russia make an appeal to the entire civilized world, particularly to the press of America, to protect them from the danger which threatens them. It is commonly believed that unless some aid is given the Jews a new outbreak will occur, which will rival the horror at Kishineff.

Mysterious Drowning.

New York, July 12.—Little additional light was thrown early today on the mysterious drowning of a woman and two men in the Hudson river, near Dobbs Ferry, last night. That the woman was someone of wealth and position was indicated this morning when a woman telephoned the police at Dobbs Ferry saying she would give $3,000 for the recovery of the woman's body. She declined to give her name or that of the victim, saying that the drowned woman was her sister. She added: "My sister had a large amount of jewelry in her possession when she was drowned. I will not say that $3,000 is the limit of the money that will be paid for the finding of her body." The woman who was lost was aboard the sixty-foot steam launch Normandie, owned by C. W. Dumont, a millionaire, and President of the American Law Book Company. It appears that there were six persons on the launch—five men and a woman. Two men were employees, engaged to run the boat. The party started yesterday afternoon for Peekskill, and at 9 o'clock last night the boat had reached a point off Dobbs Ferry when it was run down and sunk by an unknown steamer. Nothing was known of the affair on shore until half an hour later, when three men, dripping wet, were rowed ashore by Swedish sailors. The men asked if a woman and two other men had reached the shore, and when answered in the negative said they had probably been drowned. The woman, they said, was a guest aboard the boat and the two men were employes. They refuse to disdisclose their identity and hurriedly boarded a train for New York.

Explosion in Cartridge Factory.

Marseilles, France, July 12.—A serious explosion occurred this morning in a secret cartridge factory which was being operated by a man named Savel. The building in which Savel had his plant, was badly wrecked and several persons were killed. Fire broke out in the building following the explosion and the ruins were quickly reduced to ashes. Great crowds of people who were attracted by the noise of the explosion, gathered about the burning building and filled the neighboring streets. The body of Savel was taken from the ruins. His head was horribly mangled by the explosion. The body of one of the workmen has also been recovered and the hunt for others is being kept up.

Editor Apologized.

New York, July 12.—In today's issue of the New Yorker, the editor and publisher of which, Robert W. Criswell, was arrested yesterday on a charge of criminal libel on complaint of Congressman-elect Joseph T. Rhinock, of Covington, Ky., is published an apology to the Congressman. In the original article it was stated that Mr. Rhinock had been indicted for snatching a pocket book from a farmer at a fair. This proves to be untrue, says the New Yorker, and expressed regret at the publication. It says it was a case of mistaken identity.

Officials Indicted.

Philadelphia, July 12.—The grand jury today returned indictments against Select Councilman Frank H. Cavan and John C. Hill, ex-chief of the filtration bureau, charging them with frauds against the city in connection with the filtration contracts.

Sudden Death.

Philadelphia, July 12.—Word was received here today, that Horatio B. Hackett, State, Senator, ex-Magistrate and organization leader of the thirty-first ward, had expired suddenly on a Northern Pacific railroad train near Pasadena, Calafornia. He was en-route home from a trip taken in the hope of build-up his health.

New York Stock Market.

New York, July 12.—The first effect of the publication of the splendid crop report was a cancellation of selling orders, and a decreased supply of stocks all around the room. The buying was not aggressive, though, and no effort was made to force prices to higher levels, but a stronger tone was created.

Alexandria Gazette.

WEDNESDAY EVENING, JULY 12, 1905.

Teacher Kills Herself.

As was stated in the Gazette Miss Otlie Durst, 27 years old, committed suicide yesterday morning at her home at Barton, Allegany county, Maryland, while dressing before her mirror. She used a revolver, sending a bullet through her brain.

Miss Durst was a teacher and was getting ready to go to the Blue Mountain House to attend the annual meeting of the Maryland State Teachers' Association. She was a handsome blonde and had a happy disposition, and no cause can be assigned for her act. She gave no indication of a troubled mind.

She had packed her suit case, and it was her intention to take an early train for Cumberland, where she was to join other teachers going to the State meeting. A note addressed to her mother, telling her that she contemplated suicide and describing the dress in which she desired to be buried, was found in her room.

Miss Durst made a pillow of one of her skirts and, lying on the floor fired the fatal shot. Her mother, brought to the room by the report of the pistol found her daughter dead. Miss Durst some time ago purchased the revolver, a small 32-calliber hammerless, which she kept in her room.

Since childhood William E. Baker, of Cumberland, formerly a miner at Barton and Miss Durst had been friends, but Mrs. Durst objected to the suit of Mr. Baker and refused to permit him to call. The pair, however, often met in Burton, it is said.

In addition to giving directions as to her burial, the young woman stated in her note that she did not want anyone blamed for the deed but herself that life had become a burden to her and she had determined to end it.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars For sale by Gibson & Timberman and W. F. Creighton & Co.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Cold which cured her, and to-day she is well and strong. It kills the germs of all diseases. One dose relieves. Guranteed at 50c and $1.00 by E. S. Leadbeater & Sons, druggist. Try them today.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Indigestion Cured.

There is no case of indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from Indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

The Only Way to Cure.

To cure a cold when you have no cough—to cure a cough when you have no cold—to cure yourself when you have both—take Kennedy's Laxative Honey and Tar. The new idea, the original Laxative Cough Syrup. It contains no opiates and is best for coughs, colds, croup, whooping cough, etc. Pleasant to the taste and equally good for child or adult. Remember the name, "Kennedy's," and see that the red clover blossom and the honey bee is on the bottle, Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. Take no other. Sold by W. F. Creighton, 401 King street, and corner of Queen and Patrick street.
